Entry doors

2026
Collection

Why it's time to replace your front door?

1. INSTANT CURB APPEAL

Have you recently lanscaped your yard or changed your garage doors but still haven't gained the look you were hoping for?

• Research has shown that replacing your front door has a bigger impact on your home's curb appeal than any other update.

• Not only that, Realtors agree, upgrading your front entryway instantly improves the resale value of your home.

2. ENERGY EFFICIENCY = SAVINGS

Our old front door is the one major causes of heat and cooling loss in your home.

• Product advancements, upgrades and testing of door components are keeping the heat and A/C in your home and money in your pocket.

• Today's new door systems are made out of a steel or fiberglass door with heavily insulated foam that provides a thermal break from cold or heat. These systems are surrounded by energy efficient weatherstripping to keep out moisture and drafts.

3. IMPROVED HOME SECURITY

Protect the most important things in your home: you and your family.

• Security plates behind the deadbolt protect your home from a break-in.

• Multipoint locking system take it a step further with multiple deadbolts that strengthen the lock side of your door system.

The benefits of a new front door are significant. It will increase your curb appeal, upgrade the look inside your home, improve energy efficiency while saving you money and keep you and your family safe.

Entry doors

A new front door will turn heads, improve your exterior and make your home stand out. Choose from our Shaker, Design, Prestige, Classic, or even the Altitude collection, a range of 8-foot doors.

HIGH PERFORMANCE STEEL DOOR

Novatech High Performance

Energy efficiency also goes through the front door

The entry door plays a key role in the comfort and energy performance of your home. That's why we designed the Novatech High-Performance steel door to provide superior insulation and long-lasting efficiency, season after season. Designed and manufactured in our Canadian facilities according to the highest quality standards, the NHP door reflects our commitment to innovation, reliability, and long-lasting performance.

Look for this badge:

NHP **Novatech High Performance**

- → Optimal comfort
- → Increased energy efficiency
- → Exceptional durability
- → Enhanced security
- → Unrivaled soundproofing

This product meets the standards of the ENERGY STAR® program in all configurations.

Vertical accent

Reeded wood finish

This reeded wood finish accent brings warmth and texture to any facade. Made from durable laminated panels, its slatted-wood–inspired design introduces a distinctly biophilic presence. With its timeless appeal, it installs easily onto a Uno steel door and lends the entrance a natural touch that gives it a memorable, organic character.

Vertical accent

Aluminium

A distinctive decorative element, the Vertical Accent enhances the door's design by emphasizing the vertical doorglass. Available in Alunox or black finish, it installs on the exterior surface of the door, directly onto the contemporary hybrid aluminum/PVC frame, creating a refined and cohesive appearance. Its automotive-grade adhesive tape ensures a simple, precise, and durable installation.

Each accent pairs with contemporary hybrid (aluminum/PVC) doorglass frames offered in matching finishes, creating a cohesive and refined look.

Avenue

Stained glass — Contemporary

Avenue features a composition that is both crisp and bold. This minimalist, European-inspired design combines coordinated muntins with Aqualite glass and a satin finish to create a subtle retro signature. It pairs seamlessly with Farmhouse-style homes as well as cottages.

Bolero

Stained glass — Contemporary

The Bolero stained glass is a dance of retro and modern glass textures, creating a dynamic and asymmetrical look. With its bold composition that won't go unnoticed, this model sets the tone for your mid-century modern or contemporary home. It pairs beautifully with Scandinavian-inspired furniture and accessories.

Kira

Silkscreen — Contemporary

The Kira window gently filters light with its silkscreen design combining frosted ink and clear glass. Fine lines are juxtaposed to create a pattern that offers a natural look and a fairly high level of privacy. It's a great option for a contemporary home.

Mist

Silkscreen — Contemporary

Made of a gradient of silkscreened dots using a sand-finish ink on clear glass, Mist evokes a soft, diffused mist. It lets light flow in from the upper portion of the design while providing an appreciable level of privacy. Its finish pairs easily with clean, contemporary decors.

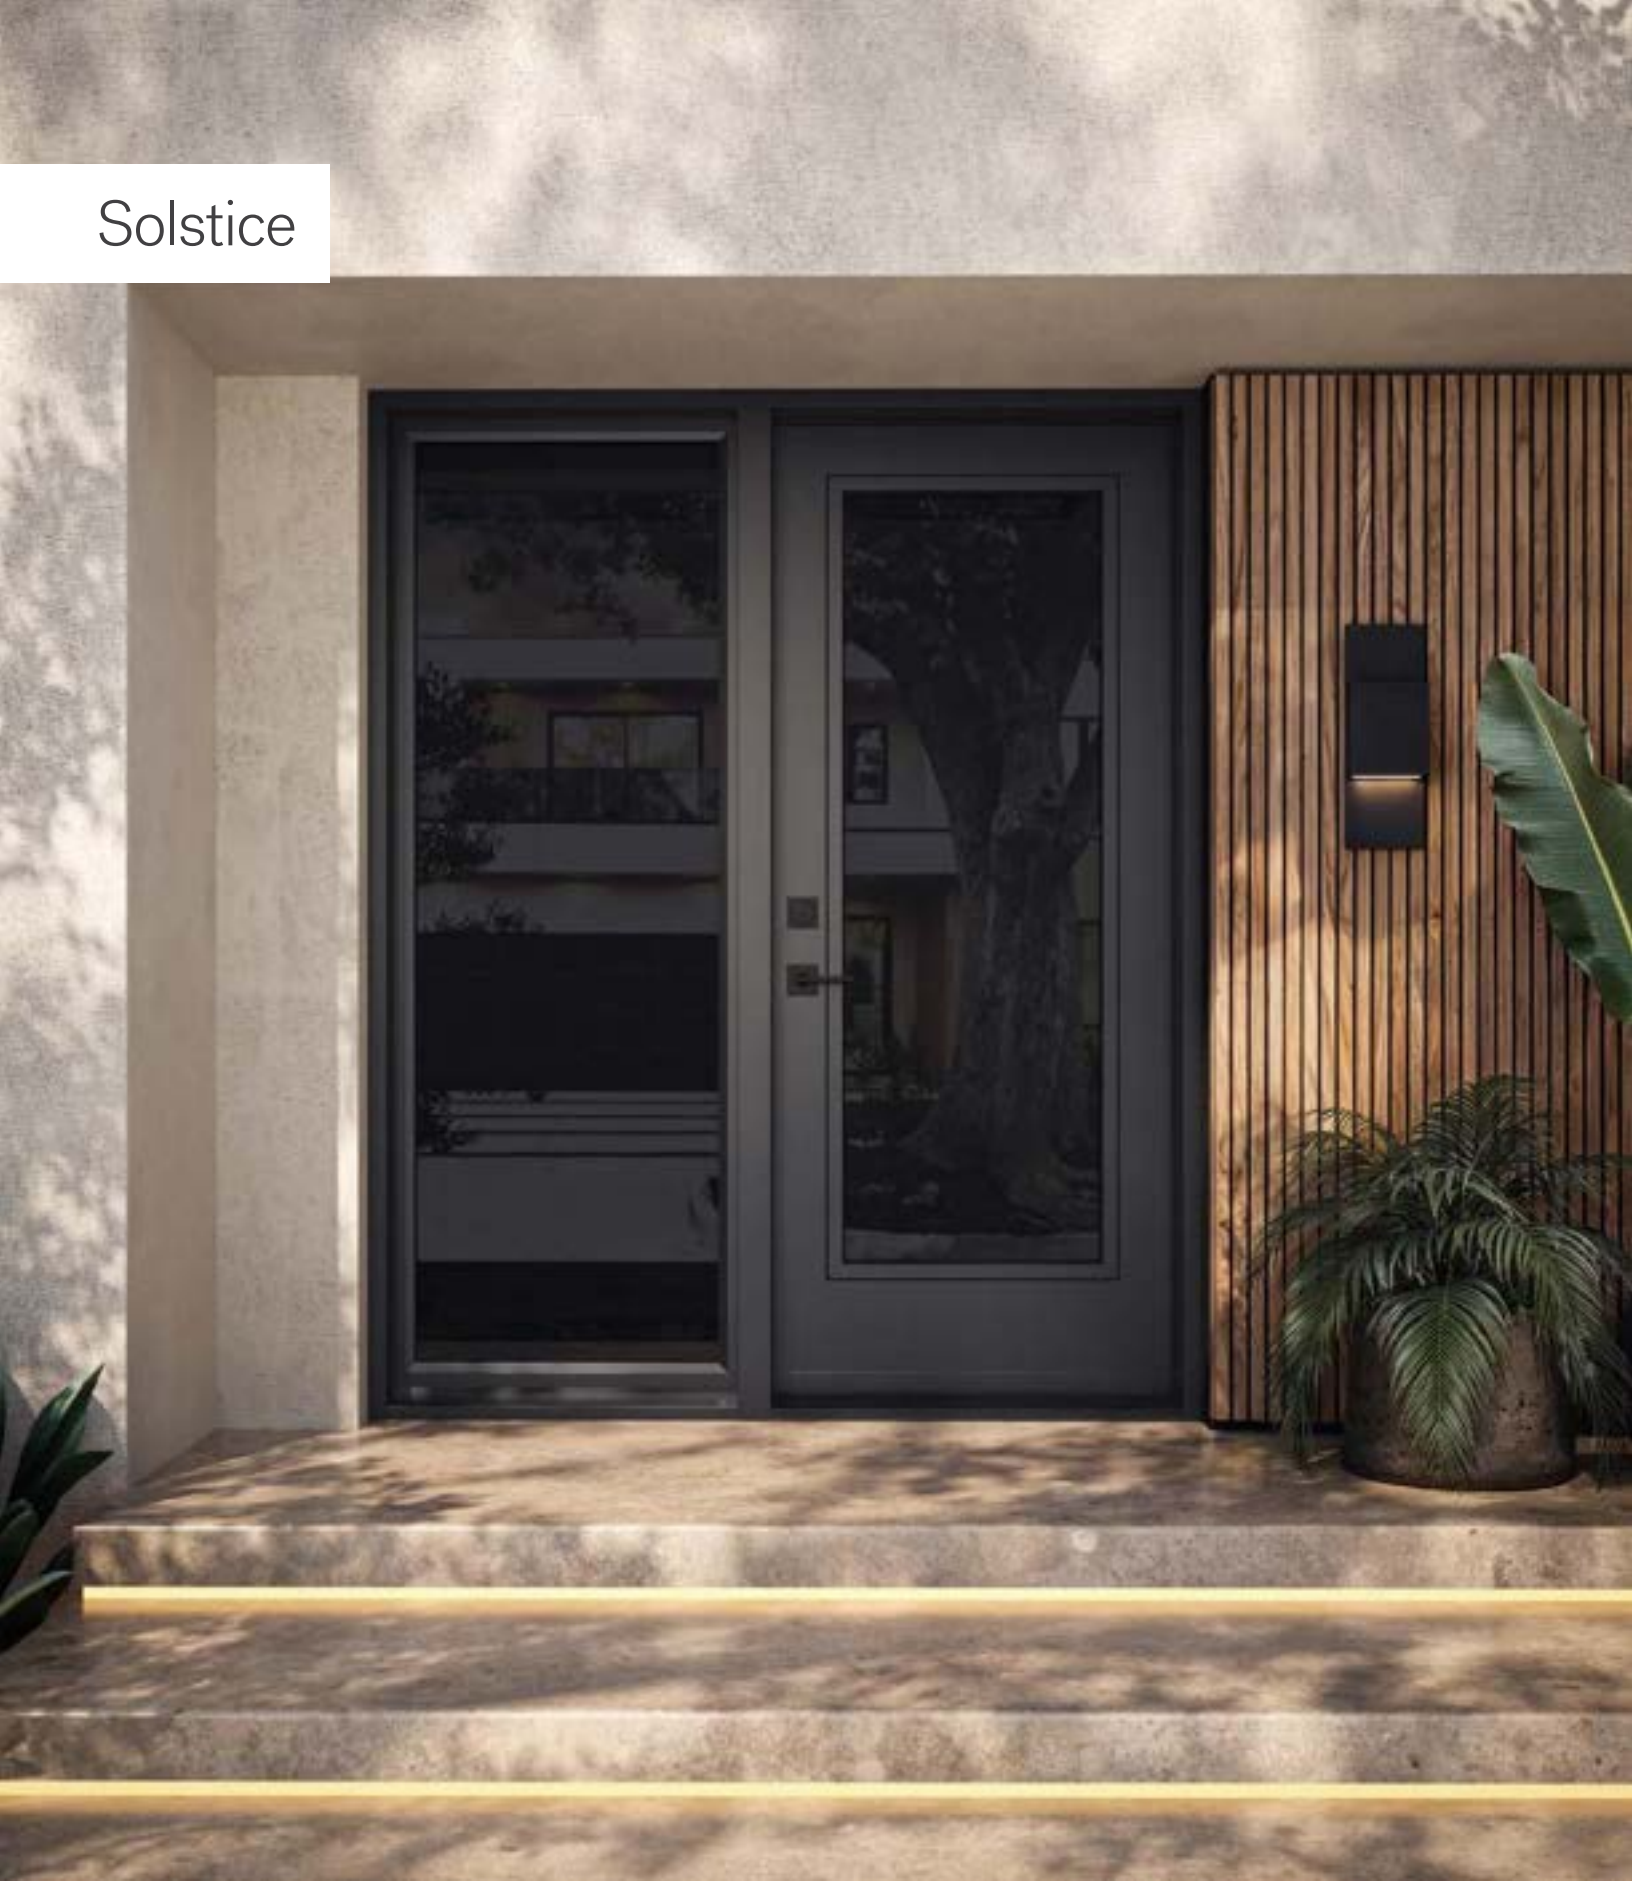
Solstice



↑ Uno steel door p.31 | Solstice 22"×64" doorglass with direct set XL p.61
■ Gentek, Black 525

Solstice

Tinted glass — Contemporary

Its high reflectivity offers near-total daytime privacy, ensuring optimal discretion. In the evening, the glass becomes more transparent and deepens contrast with lighter-colored doors for a striking visual effect. On darker doors, it elevates both the look and the overall visual impact of the entrance.

GARAGA®

Cachet

Stained glass — Classic

This model blends four types of textured glass with distinct geometric forms. Together, they create a natural interplay of light that intensifies on sunny days. Inspired by American Prairie-style architecture, Cachet offers a classic and refined aesthetic highly appreciated across the North American market.

Distinction

V-Groove — Classic

Carefully sculpted in sandblasted-finish glass, Distinction pairs beautifully with homes featuring gridded windows. The clear glass grooves create a natural, subtle pane effect. Match this crafted glass with an Elevation doorglass frame, its grid pattern is a perfect fit.

Attraction

Stained glass — Classic

Attraction is defined by its combination of beveled diamond glass and Pinhead glass, producing a vibrant pattern. Despite some clearer areas, its rich textures maintain an appreciable level of privacy. The diamond-cut pieces add subtle depth that complements Gothic-inspired or more traditional Tudor aesthetics with precision.

Transit

Silkscreen — Classic

Transit combines clear glass with a subtle graphic motif made of fine lines and sand-finish ink. Its contemporary design adapts easily to a variety of structural expressions, from refreshed classics to more modern homes. It brings a distinctive touch to semi-detached houses while allowing generous natural light to flow through.

Cathedral

Stained glass — Classic

An icon of new builds from the early 2000s, the Cathedrale doorglass remains a timeless classic. Its intricate design, composed of multiple beveled glass pieces, evokes splendor and brilliance. It undeniably adds an elegant touch to any home.

Evangeline II

↑ Orleans steel door p.17 | Evangeline II 22" × 48" doorglass p.109
■ Gentek, Chestnut Brown 554

Evangeline II

Stained glass — Classic

Inspired by early-century decorative arts, the components of Evangeline II will appeal to true stained-glass enthusiasts. Its central, cottage-inspired ellipse lends a picturesque charm that naturally suits classic architectural frameworks. Paired with a Uno or Orleans door, it brings a grandiose presence to the entrance.

Grilles

Grilles are a great way to match your entrance to the rest of the windows on your classic style home. For a modern, contemporary look, consider configurations with fewer dividers, such as our Classic or Country-style grilles. Best of all, our grilles are installed between the glass, making them maintenance-free and eliminating the need for cleaning.

Coordinating your entry door with your garage door

The front door and the garage door both play a key role in the overall appearance of a home's façade. Coordinating them creates visual harmony and enhances the home's curb appeal. Thanks to the collaboration between Garaga and Novatech, it's now easy to choose models that pair perfectly for a cohesive, polished result.
